

WESTMAN STEEL INDUSTRIES

Location. **Springfield, Manitoba**
Industry. **Industrial/ Manufacturing**
Area. **18,625 sq.ft**

Westman Steel Industries is Western Canada's Largest Manufacturer of Metal Roofing and Siding products, supplying products for the Agricultural, Residential and Light Commercial sectors.

Frameless and rigid frame construction combine for a practical use of space. The front frameless structure functions as serviceable administration and office areas. The back rigid framed warehouse structure affords the space required for one of Western Canada's largest manufacturer of premium steel products.
